Name: M. Hossein Mansur

Title: Aerospace/Software Engineer

Lead, Desktop Flight Simulation

What I do: Develop desktop flight simulation tools for manned and unmanned vehicles.

Education: BS, Aeronautical Engineering, Cal Poly, San Luis Obispo
MS, Aeronautics/Astronautics, Stanford University

Experience: 16 years as an Aerospace Engineer with US Army, Three years as Senior Principal Software Engineer, Raytheon ITSS, Lead for Desktop Flight Simulation, ARH, UARC.

Skills: Solid foundation of math, physics and engineering.

Interests: Hiking long distances and being out in nature, on the beach, in the woods, anywhere.

Study hard and give yourself the opportunity to be in the forefront of exploration and discovery.
